

Victory Memorial Parkway Regional Corridor Minneapolis, MN

The Ingraham & Associates team, consisting of Ingraham & Associates, WSB Engineers and Hess Roise, worked with the Mpls. Park Board, Staff and neighborhood groups to develop the Master Plan.

The plan elements consisted of:

- Improvements to the bike infrastructure and its interaction with other transportation infrastructure.
- Enhancements for the bike and pedestrians, ie. reststops, gathering locations.
- Preservation and enhancements of passive spaces.
- Natural, historic and cultural interpretation.
- Safety and security improvements.
- Maintenance & operational improvements.
- Landscape improvements.

Public Bike Tour

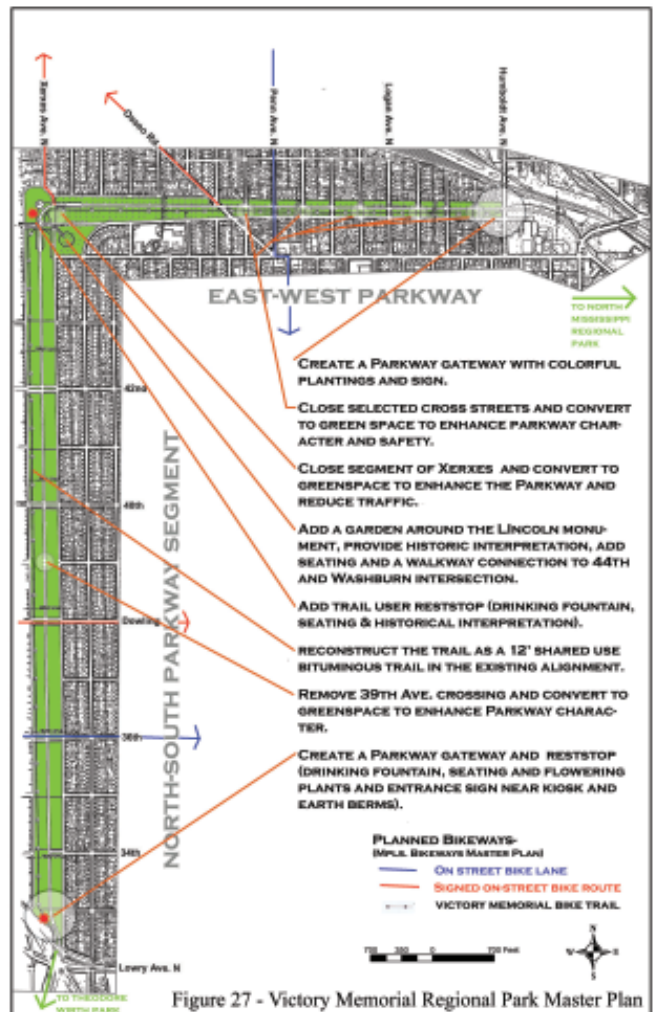

The plan was designed consistent with the Bikeway Master Plan and Grand Rounds Scenic Byway Plan and is a basis for construction plans and a tool to obtain Federal Highway funding.
